John Garke v. Mu-taz-tiu. This was a case disurred from Thursday last, in order that one satisfactory evilence in regard to the time when the land on which the suit was brought was signed, whether after or previous to the wor tion of the stamp act. His Honour decided hat the bould did not require to be stamped, and the bearing of the case was accordingly proposited with. The claim was \$92.25. f which amount \$53 had been stolen in with and the remaining sum was for clothes &c. hat workin the boy's charge, but could not be found. Defendant said that he bad not written the hand himself. It had been by written his shroff who had also put his chop upon it. This however was done with defendant's knowledges and consent. Further, when the dishonety of the boy ind first been discovered he had sout a friend to plain iff and enquired whether any urticles were missing beside the Soll in money. and plaintiff had replied that he would give an answer the next day, but failed to do so, and defendant accordingly and taken it that the answer was negative. did not see why he should pay for the clothes beintiff had lost. His Honor said he did not doubt, but that it was very distigroable to be obliged to pay other. ersons delats, but defendant had guaranteed the plaintiff from all lose by the boy, and he must accordingly be bound by his bond or must give judgment for the plaintiff for the

full amount claimed.

Mr. J. Collago, a gentleman in the employ of the Gas Company, was summaned by one Larent ping, a washerman, who sought to recover the amount of a promutatory note, or at least what purported to be one; given by the above-named gentleman in liquidation of his wishing bill and amounting to \$5.65. This puculiar document from us follows.-"I ropmise to pay Lai-a-peng Five dollars and fifty cents," and was duly signed in a bull hand, but bore no date, and was without that most necessary appendage to such doningents, especially if it is desired they should be of any value or use-a stamp. When the onse was called the defendant did not show up. and the confiding mesherman came forward to state his crear. His Honour, however, immediately ponneed upon the unstamped paper, and asked when it was given. Plaintiff replied. the latter part of November. That was enough. if such was the case the paper was illegal, and must-be impounded, and impounded it was then and there. Nothing was left for the poor washerman and be was accordingly non, suited This washing account will no doubt turn ont rather an expensive one for Mr. Golinco, and he cannot expect much, sympathy for taking advaringe of an ignorant Chinamen, who could neither read nor write the English language. for the sake of five dollars and a half. Another summers against this brilliant youth was taken out by Mesars. Hay & Co., who nought to recover the balance of a small account amounting to \$3.25. The defendant did, not appear, and julgment was given for plaintiff.

B. Muncherjee e. F. A. Murent.-This was an action to reserver \$19.90, of which \$14.90 was for yout and \$5 for a pair of boots. Defundant desired his liability for the rent, since plaintiff and seen fit to sell the bonse without giving him my notice. The loase under which the house was rented was produced, and a number of letters which had pussed between the parties on the subject of the \$14.90; but what connection these but with the cane, or in what way. they assisted the defence. His Honour apparently faited to see On the other hand, they went materially to atreagthen plaintill's claim. statement of the case, and the court was obliged not likely to help the adjustment of his case. Defoudant could not see why if he was required to give a month's notice, if he wished pr just that his landlord should inform ror the property. His Honor would not sustain this contention, however, and defendant then tly. went into the subject of the boots, and the 25 nic charged for thom. This avidently was a much ery more purplexing and irritating question than he the reat to judge by defendant's demeanor. The boots were duly produced, and attention not been worn or even tried on, and further

defendant had been builted into buying them by the plaintiff. He did not want the boots and had distinctly told plaintiff so at the time His Honor said plaintiff need not have taken the lasts at the time if he did not want them. He her had kept possession of them, and now wanted lang to repudiate the bargain when called on for the gamey. Judgment was necordingly given most for plaintiff for the full amount \$19.90. Defendant asked for time, he was at present out of a situation and had no money, but oere- sent out of a situation and had no modely one after His Himor said he could not give time in the Man lease of rent. Plaintiff could grant him time. Durendant, who goutinned to behave in the

most excited manner, said that he had no money to pay, and his was now quite ready that plainiff should do to him whatever he chose. He but been over twenty yours in the colony, and never had been treated in this manner, before. He could produce the very best references and testimonials as to his character from the different employs be had been in. He was all ready. rom a to go to goal, and there plaintiff, would be spot inbliged to supply him with charachow. After with remarkedly affering himself in this manner a willing sucrifice to the supposed vengdance of the plaintiff, delephant gathered up boots, leases, and letters, and with his hand and arms I full runbed frontionly ont of court.
